HIGH PLAINS JOURNAL™

THE BEST KEEPS GETTING BETTER

THE GREAT PLAINS BD7600

How do you make the best even better? Start with revolutionary design features, like a split-box configuration, higher capacity, and innovative feeder cups that meter by shaft speed for greater accuracy. Then, add practical technology like DrillCommand® and hydraulic drive to execute variable-rate and prescription mapped seeding effortlessly from the tractor cab. As a result, you end up with the most productive, versatile, and operator-friendly box drill ever produced – the Great Plains **BD7600**.

Great Plains
"Harvest Starts Here."

Visit **GreatPlainsAg.com** for more information and check out our **BOLD** new financing programs!

New Features. New Options. Endless Possibilities.
Ensure that your farm has the best – ask your Great Plains dealer about the BD7600 today!

Hurricane...

Best Ditcher in your field.

What makes a Hurricane different?

- *Unique paddle and impeller wheel design makes cutting easier*
- *Soil scattered evenly so water can flow easily to your ditch*
- *Increases yields dramatically by preventing waterlogged crops*
- *37 years of quality, dependability and expertise in each hand-built ditcher*
- *Low maintenance, efficient, effective, easy to operate, reliable, productive*

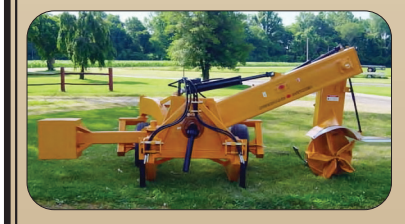

11 models to meet all your ditching needs:

- 3-pt hitch units with 8" to 42" impeller wheels
- Pull-type with 36" impeller wheel
- Side-arm units with 26" & 42" impeller wheels

Providing Water Management Solutions for 37 Years

Ensure your herd's health through the winter months with Ragland's high-quality supplements. When winter forage is lacking, our specialized block and mineral supplements provide your herd with all the necessary protein, vitamins, and minerals they need for the season.

SPECIAL LIX AND CASH COW POURED SUPPLEMENTS
- *Durable 200-pound tubs*
- *Convenient, economical way to deliver nutrients*
- *Maximize nutritional benefits of existing forage*

37% MONEY-MAKER RANGE BLOCKS
- *Tough enough for bunk or ground feeding*
- *Good for all types of ruminants*
- *Gives cattle necessary protein, vitamins and minerals*

DEER AND GAME BLOCKS
- *Ensure wildlife health through harsh winters*
- *Protein and minerals needed to thrive in all seasons*

4% ALL STOCK BLOCK AND BAG
- *Palatable block for convenient mineral feeding to mixed herds*
- *Provides supplemental phosphorus, vitamins, trace minerals and more to cattle, horses, sheep, goats and deer*
- *Additional salt not required*
- *Contains no added copper*

Give us a call to find a dealer near you. Visit our website for a complete list of our supplements for cattle, horses, goats, sheep, poultry, and wildlife.

RAGLAND®
GIVING NATURE A HELPING HAND.

CONTAINS RainGard MOISTURE BARRIER

DID YOU KNOW?
Thanks to our specially engineered Raingard® formula, Ragland minerals are known for superior moisture resistance—minimal clumping, sustained palatability, and less waste.

Diamond W Corrals

Cow Calf Corral with Expander Wings

Manufactured by Burlington Welding, LLC

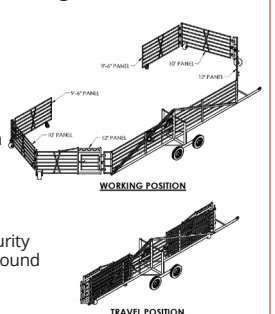

Patent Pending

This round 1 7/8" tube corral has all the bells and whistles. The dual rear wheel axle gives you a smooth pull up to highway speeds and unsurpassable maneuverability within the field. All panels are 6' 2" tall, and the weight of the corral is 7,660 pounds.

Always keeping safety in mind, there 3 — 4' walk-through gates and 4 — 6' walk-through gates, ensuring you have an escape, no matter where you are in the main pen. Double center divide gates, each 9' in 12' frame, make sorting your cattle easier than ever.

Corrals are equipped with transport lights for added security when moving the unit after dark. 2" ball hitch and 5000 pound jack add to the ease of transport.

Each piece is sold separately.
